Heavenly Parent's Holy Community Celebrates the 62nd Day of All Things

Let's Move Forward with All Our Heart

Song Gwang-seok, President of FFWPU-Korea

Dear beloved and respected members worldwide!
Greetings to you all!
June 6th marked a historic day as we celebrated the 70th anniversary of the founding FFWPU. Despite numerous trials and difficulties, we have made remarkable progress with Heaven's guidance.

Up to this 70th anniversary, the True Parents have overcome countless challenges on the Korean Peninsula, which has been divided north and south and experienced the tragedy of fratricidal conflict, establishing a foundation of victory by achieving final oneness with Heavenly Parent. After True Father entered the spirit world, True Mother continued to advance without pause, opening Cheon Il Guk and proclaiming the hidden truths of providence, fully revealing 'God' as the 'Heavenly Parent.' She then declared the safe settlement of Cheon Il Guk based on the standard of having restored seven nations and seven religious denominations.

Like the Jewish people who were divided north and south and became captives in Babylon, after 70 years of suffering, they returned home to build a temple for God and rebuild their nation centered on that temple. Similarly, it is no coincidence that as our country has been divided for over 70 years, we celebrate the 70th anniversary of our association's founding and dedicate the Cheon Il Sanctum of Cheon Won Gung to attend the Heavenly Parent. In accordance with Heaven's providence, True Mother has dedicated the Cheon Won Gung Cheon Il Sanctum and is preparing for the 'Cheon Won Gung Cheon Il Sanctum Entrance Ceremony' to usher in the era of direct dominion by Heavenly Parent and open the doors to a Heavenly Unified Korea and a Heavenly Unified World.

In celebration of this 70th anniversary, True Mother has also restructured the organization around Cheon Mu Won, renewing our resolve. She has prepared a foundation for us to be reborn and recommit ourselves for the great victory of VISION 2025.

Aligned with Heaven's providence, Heavenly Korea is committed to promoting internal growth through Cheonshim training spiritual workshops, while focusing on witnessing through continuous Happy Family Principle seminars and holy ground pilgrimages. We are laying the foundation for unification through nationwide by appointing National Commissioners for North-South Unification nationwide. We are wholeheartedly preparing to welcome this new era centered on True Mother.

Beloved blessed families and brothers and sisters!

Next April, must offer the 'Cheon Won Gung Cheon Il Sanctum Entrance Ceremony' We must prepare a substantial environment and foundation to attend Heavenly Parent and True Parents in the homeland of faith where we can serve Heavenly Parent and True Parents. Who else but us, standing at the forefront of God's will, can fulfill this great mission?

I earnestly ask you to become heavenly warriors who advance forward with all your heart, and love for humanity as fervent as the heat of this summer, until the day of unification of North and South Korea, the long-held dream and hope of Heavenly Parent and True Parents. Thank you. I love you all.

Toward the Final Victory

*Excerpt from the sermon delivered by True Father on May 1, 1964,
on the occasion of the 10th anniversary of the Federation.*

To achieve unification, there must be God, humanity, and creation. Unification can only be achieved when the relationships of the past, contemporary missions, and future desires are combined. A unified God, a unified humanity, and a unified creation must attain unity in their desires, unity in their circumstances, and unity in heart. Therefore, unless the integration of desires, circumstances, and hearts becomes a reality, unification cannot be achieved.

Throughout history, there has not yet been a unified person who can represent God. Now we must make a total advance to establish a national foundation. Additionally, we must strive while questioning if we can console God through ourselves. Now, each of you must be able to restore your tribal clan. You must repent that your lives have not aligned with the desires, intentions, and heart of God over the past 10 years. From now on, we must make a new resolution.

The Unification Church is a church destined to undertake this struggle, not to avoid it. A

private life that seeks only individual joy or personal satisfaction is not acceptable because God could not yet be in that situation. From now on, it is not about following the path of the denominational cross. While the denominational cross may allow collaboration and co-participation with God, but on the national path of the cross, the Unification Church must assume the position of the internal spiritual position to save the external world without God's direct assistance. We must allow God to rest and restore this nation with our own hands. We must resurrect the nation, and the spiritual world must resurrect centered on the sphere of the nation's resurrection so that the spiritual and physical worlds can be unified.

Before you are the embodiment of God's desire, you are the embodiment of your ancestors' desires. God has nothing more to give to the Unification Church. If each person makes an effort, they can find personal fulfillment, family, nation, state, and even the world within their lifetime. If the teacher has discovered a diamond mine, isn't it enough without having to dig it out further? Neither God nor the spiritual world can lead the way. You yourself must take the lead for God to be able to cooperate. Satan invaded from Adam to Jesus and to the 3rd generation, suggesting that God can punish Satan up to three times more than in the past.

Satan has prevailed for 7,000 years; God has the authority to act freely up to seven times that amount. Even if you are tired and sad, share your pain and sadness with God. Personal sacrifices must be made to establish families, families sacrifice to build tribes, and tribes sacrifice to establish the nation, state, and world. The Unification Church is currently facing its greatest crisis. When considering the next goals, until the purpose is fulfilled, eating is a sin, wearing clothes is a sin, and even sleeping is a sin. How much more so would not working be a sin? Today, on the occasion of the 10th anniversary of the foundation of the FFWPU, you must make a firm resolution and make a new beginning toward the final victory. 

Establishment and Organizational Structure of Cheon Mu Won

This article is an edited summary of the speech given at the 70th Anniversary Celebration of the Founding of the Family Federation for World Peace and Unification on June 6th.

Ladies and gentlemen, leaders from around the world, blessed families, and ambassadors for peace. I am thankful that we can be together on this day to mark the 70th anniversary of the founding of our church.

I am thankful that we can be together on this day to mark the 70th anniversary of the founding of our church. Two thousand years ago,

people did not know the essence of our Creator, our Heavenly Parent, or of Jesus, with the result that Jesus had no choice but to die on the cross. This is why Jesus said he would return, and that on his return he would hold the Wedding Feast of the Lamb. Christianity started with people waiting for Jesus's return, as he had promised to do—though without really knowing his essence. Christian history began with resurrection

through the Holy Spirit.

The Creator's beginning and ending being one and the same, Heavenly Parent had to see things brought to completion. God therefore had to save fallen humankind and chose the people of Israel and carried out the providence of salvation. How difficult it must have been for it to have taken 4,000 years to develop from individuals to a family, a tribe,

an ethnic group, and finally a nation!

How much Heaven endlessly invested and worked to realize the original ideal envisioned at the time of creation! Through the principles of creation, however, God made it that a person must achieve perfection on his or her own, which is why it took 6,000 years before a victorious man and woman emerged from fallen humankind.

After 4,000 years, God sent Jesus Christ, the only begotten Son whom God could call his own, through the people of Israel. Nevertheless, Mary, the mother of Jesus, Zacharias' family, the Jewish leaders, and the people did not understand Jesus. Heaven therefore chose a new chosen people through whom to carry out His providence. This nation must therefore fulfill its responsibility to complete Heaven's providence.

Heavenly Parent has spent 6,000 years in sorrow, waiting and toiling to bring fallen humankind back into his embrace. The principle of creation, however, says that there should be a man and a woman. Heavenly Parent's dream is that mature and perfected man and woman will establish a true family, honor and attend Heavenly Parent, and live together in harmony on Earth. True Parents' devoted efforts have been for the realization of this.

As the True Mother and only begotten Daughter who must pass through the extremely difficult wilderness course to see the completion of the providence, I feel infinitely sorry and apologetic in front

of Heavenly Parent. With a desperate heart, I did not rest for a day, pushing beyond my physical limitations in order that Heavenly Parent should not wait any longer. Consequently, God has been with us, doing great works that have enabled us to complete the Sanctum in which we can attend Heavenly Parent, it took around years of Cheon Il Guk. For this, I offer my deepest gratitude and all glory.

As I stated, the Korean people, who should be the center of the providence, must fulfill their responsibility. They must uphold Heaven. However, they must know True Parents in order to attend Heavenly Parent. Specifically, they must know and understand the True Mother, who is the only begotten daughter and the Holy Spirit in the flesh.

In the 10 months that remain, knowing that Heaven chose and blessed this people, and recognizing the responsibility of the chosen people. We cannot make unity based on human-centered thinking, ideas or systems. The center of the universe, the owner of the Earth, is the Creator, our Heavenly Parent. If there are any problems, we should make the effort to solve them by attending Heavenly Parent.

From looking at the history of Israel, nations or peoples that cannot serve Heavenly Parent at this time when Heavenly Parent is working on earth have no future. We must not be a nation that acts in such a way that we have to offer indemnity.

This is the time. In the midst of providential history and the history of humankind, those who are living today, who have the privilege of living in attendance of our Creator and Heavenly Parent, who is the first and the last [Alpha and Omega], should not be ignorant of the heavenly providence. I especially ask the blessed families of the Unification Church and Family Federation to invest your best effort for the nations of the world in this golden age when you are together with True Parents, such that there is no one left behind

To prepare for the Heavenly Parent's Entrance Ceremony next year, therefore, I am going to establish a new organizational system centering on Cheon Jeong Gung. So, I have established the "Cheon Mu Won" and its various offices. As I said a long time ago, the Family Federation will go forward through the Spirit and the Truth. It will advance through Cheon Shim Won and through the missions. That is why all our organizations are centered on these two axes. Of particular note additionally, there will be a special department where True Parents' words will be translated for the sake of the global providence. In this way, we can quickly share the providence of True Parents with all humankind in this time when we can make connections within one second. We can therefore give all 8 billion people of the world the opportunity to participate in the Cheon Il Guk era when Heavenly Parent's dream and True Parents' hopes can be fulfilled on earth. ㄸ

70th Anniversary Commemoration of the Family Federation for World Peace and Unification

*Proclamation of Central Administrative Body of Cheon Il Guk
by the True Parents of Heaven, Earth, and Humankind:
Cheon Mu Won - The Dawn of a New Beginning and New Hope.*

During the 70th anniversary celebration of the founding of the Family Federation for World Peace and Unification, True Mother announced the establishment of six new offices under a new, central governing body, which Mother has named 'Cheon Mu Won.' In preparation for the upcoming Cheon Won Gung Entrance Ceremony, scheduled for 10 months from now, she has encouraged everyone to accelerate their efforts toward the victorious settlement of Cheon Won Gung, a place from which Heavenly Parent can truly govern.

True Mother

To prepare for the Heavenly Parent's Entrance Ceremony next year, therefore, I am going to establish a new organizational system centering on Cheon Jeong Gung. So, I have established the "Cheon Mu Won" and its various offices. As I said a long time ago, the Family Federation will go forward in the Spirit and the Truth. It will advance through Cheon Shim Won and through the global mission. That is why all our organizations are centered on these two axes. In this way, we can quickly share the providence of True Parents with all humankind in this time when we can make connections within one second. We can therefore give all 8 billion people of the world the opportunity to participate in the Cheon Il Guk era when Heavenly Parent's dream and True Parents' hopes can be fulfilled on earth.

Heavenly Parent desires that Cheon Il Guk, the nation attending Heavenly Parent, now take on a tangible form and develop. Wishing for the Cheonwon Complex to embody the form and essence of a nation, True Mother named the central governing body of Cheon Il Guk as ‘Cheon Mu Won.’

“Cheon” (天) meaning Heaven, “Mu” (務) meaning to work, and “Won” (院) meaning House. Cheon Mu Won is the central office of Cheon Il Guk where Cheon Il Guk public officials will work diligently and earnestly, in unity with True Parents, for the Heavenly Providence.

With the inauguration of Cheon Mu Won, the previously existing 1st and 2nd Secretariats have been dissolved. As the two pillars of the Family Federation responsible for working in the Spirit and Truth, Cheon Shim Won and the former International Headquarters, now reorganized as the World Mission Headquarters, will operate under Cheon Mu Won.

True Mother, as the owner of Cheon Mu Won, stands at the center and oversees the operations of the entire Cheon Mu Won. She has appointed a Cheon Mu Won vice chair and chief secretary. There is one specialized office responsible for True Mother’s protocol, security, and personal assistance.

Cheon Mu Won is divided into six offices according to their respective fields: six offices—Mission Policy Office, Leader Development Office, Planning and Coordination Office, Finance and Planning Office, Special Affairs Office, and the Legal and Audit Office.

The “Cheon Mu Won Mission Policy Office,” which, in attendance of our Heavenly Parent, places the cultivation of Cheon Il Guk citizens as the center of the mission, will manage the monitoring and analysis of domestic and international missions, as well as the overall long-term and short-term missionary policies. It will act as the eyes, ears, hands, and feet of True Mother. Additionally, as the central office of Cheon Il Guk, it will manage public personnel, facilitate cooperation with international organizations, and coordinate internal communication and activities among the organizations.

The organizations managed by the Mission Policy Office include the FFWPU World Mission Headquarters, FFWPU Korea, the Universal Peace Federation, the Citizens’ Federation for the Unification of North and South Korea, and other providential organizations. It also oversees organizations with the responsibility for historical and ongoing records of Cheon Il Guk, such as Peace TV, the Sunhak Institute of History, and the Cheon Won Sa Publishing House.

The “Cheon Mu Won Leader Development Office,” is dedicated to cultivating capable people for the future of the Heavenly Providence in Cheon Il Guk. It will identify, educate, and nurture individuals across a variety of fields to lead the future of our Unification Movement in its churches, providential organizations, and businesses. It also manages the Sunhak Educational Foundation, Cheongshim Foundation, and the Hyojeong International Cultural Foundation.

The “Cheon Mu Won Planning and Coordination Office” delivers True Mother’s directives to the organizations and corporations within the Cheonwon Complex and coordinates their operations. It oversees the Cheonwon Gung Management Headquarters, the Cheonwon Gung Construction Task Force, Cheongshim IT, HJ Global Arts Center, Cheonwon Art Museum, and Hanju Entertainment, which is responsible for performances and events within the Cheonwon Complex.

The “Cheon Mu Won Finance and Planning Office” will handle strategies for securing resources and managing major public assets. It will oversee the HJ Global Unification Foundation, the HJ Magnolia Korea Foundation, and the Hanju Group.

The “Cheon Mu Won Special Affairs Office” is responsible for executing special directives.

The “Cheon Mu Won Legal and Audit Office” is responsible for legal and financial audits, internal inspections, and establishing internal discipline in public offices. Its goal is to create a transparent and ethical public service culture that is impeccable in the eyes of Heaven.

Following True Mother’s guidance, Senior Director Lee Chung-woo announced the organizational restructuring.

Lee Chung-woo, Senior Director, Cheon Mu Won Mission Policy Office

I will now announce the names of those appointed as Vice-Chair of Cheon Mu Won and the heads of each Office.

- Wonju Jeong McDevitt, Vice Chair, Cheon Mu Won and Chief Secretary
- Lee Chung-woo, Senior Director, Cheon Mu Won Mission Policy Office
- Kim In-su, Senior Director, Cheon Mu Won Leader Development Office
- Kim Jae-cheol, Senior Director, Cheon Mu Won Planning and Coordination Office
- Seo Won-seok, Senior Director, Cheon Mu Won Finance and Planning Office
- Kim Shin-han, Senior Director, Cheon Mu Won Special Affairs Office
- Kim Hyung-duk, Senior Director, Cheon Mu Won Legal and Audit Office
- Song Yong-cheon, Director General, World Mission Headquarters
- Lee Ki-seong, President, Cheonshim Won

In accepting their missions, the newly assigned Cheon Il Guk leaders offered their bows to the True Parents of Heaven, Earth, and Humankind. True Mother has begun the governance and management of Cheon Mu Won. Going forward, Cheon Mu Won will assist True Mother in her duties of governing Cheon Il Guk and serve as the central governing organ of Cheon Il Guk. United under True Mother and Cheon Mu Won, the central offices of Cheon Il Guk, let us begin anew and move forward toward Vision 2025 and a victorious Entrance into the Cheon Il Sanctum in Cheon Won Gung.

Order of Events: 70th Anniversary Celebration of the Family Federation

At the event, former Prime Minister Lee Soo-sung delivered a congratulatory message, stating, “Rev. Dr. Moon Sun-myung and Dr. Hak-ja Han Moon, founders of the Family Federation, have taught peace and love throughout their lives. Their teachings comfort wounded souls and bring hope and courage to life.” He further expressed his hope that “the Family Federation will blossom into an even more beautiful and dignified flower by its 100th anniversary.”

Cho Myung-chul, the Governor of South Pyongan Province, revealed his initial shock when he heard that Rev. Dr. Moon Sun-myung and Dr. Hak-ja Han Moon criticized Juche ideology at the Mansudae Assembly Hall in Pyongyang while he was a professor at Kim Il-sung University in North Korea. However, he later realized that they truly loved the people of North Korea and aimed to guide them in the right direction as true parents.

In his commemorative speech, Rev. Song Yong-cheon, Director General of the World Mission Headquarters, expressed deep gratitude to the Heavenly Parent and the True Parents of Heaven, Earth, and Humanity, who have led the providence for the past 70 years. He encouraged the Cheon Il Guk leaders, blessed families, and members who have been involved at the forefront of the providence. Rev. Song emphasized the providential wisdom of the True Parents of Heaven, Earth, and Humanity, who, despite difficult conditions, sent missionaries to Heavenly Japan and Heavenly America, laying a global foundation. He expressed his gratitude to the senior pastors and members who devoted their blood, sweat, and tears to the current global foundation. He also presented three practical goals for the era of Cheon Il Guk and urged everyone to unite with True Mother and achieve victory in Vision 2025.

Following the speeches, the 70th-anniversary appreciation and award ceremony took place. Appreciation gifts were offered by Moon Yeon-ah, Director of the Sunhak Educational Institute; Wonju Jeong McDevitt, Vice Chair of Cheon Mu Won and Chief Secretary; and Song Gwang-seok, President of FFWPU-Korea. These included a framed picture of the original church with True Mother and framed advertisements of True Mother in major daily newspapers. The symbolic gifts, representing the people, sovereignty, and territory of Cheon Il Guk, were carefully prepared for a hopeful future. The second part of the event began with Lee Ki-sik Vice Chairman of FFWPU-Korea presiding.

Song Gwang-seok, President of FFWPU-Korea, conveyed True Mother’s heartfelt hope that the Cheon Won Gung Cheon Il Sanctum Entrance Ceremony would be filled with the people of Cheon Il Guk. He emphasized, “Let us all witness to new members and find dormant members.” He announced six major policies to create an environment where the Heavenly Parent could directly manage until the day of the entrance to Cheon Won Gung. He concluded by encouraging all Family Federation and providential organizations to do their best to find the righteous connected to them and participate in the Cheon Won Gung Cheon Il Sanctum Entrance Ceremony.

Following this, an awards ceremony was held for public servants who had dedicated themselves at the forefront of the providence. On behalf of the True Parents, Director Moon Yeon-ah and Song Gwang-seok, President of FFWPU-Korea, awarded the “True Parents Award” to 22 retired pastors who had dedicated their lives to the pastoral field, as well as to seven members with 33 years of service. Additionally, the “Chairman’s Award” was presented to five members with 15 years of service.

Impressions and Testimonies

🎤 Song Gwang-seok, President of FFWPU-Korea:

Before the 70th anniversary celebration of the FFWPU, I felt that we had truly grown into a global religion during a press conference. It struck me that the world now truly understands the work of the True Parents. With this foundation, I am committed to further expanding our impact so that by next year's Cheon Won Gung entrance ceremony, everyone can honor True Parents.

🎤 Demian Dunkley, Regional Chair and FFWPU-USA National President:

Beloved Mother, congratulations, True Mother. It is an honor to be here with you in Korea at the conclusion of the 70 years' providence of Family Federation. And now we prepare for a completely new era. True Mother has revealed the truth and the essence of Jesus and the true essence of Heavenly Parent in such a simple, clear, and irrefutable way. True Mother, yesterday you emphasized that our mission as blessed families is even more critical today than ever. The initiatives you have outlined, including the formation of the Cheon Mu Won and a new cabinet, this inspires us to work diligently toward the establishment of an actual nation.

🎤 Masaichi Hori Regional President of FFWPU-Asia Pacific:

Through the 70-year history of the Family Federation, I've seen the challenges True Parents had to endure the process of raising children on the path of pioneering. Now united with Cheon Mu Won, we can immediately respond to True Mother's directives and fulfill her expectations. I pledge to convey True Mother's tears and true love throughout Heavenly Asia-Pacific.

🎤 Lee Gi-seong, President of HJ Heaven and Earth Training Center and Cheonshim Won:

Special Luncheon for Council of Elders and Leaders Invited by the True Parents of Heaven, Earth, and Humankind

Pledge to Become One, Centered on True Mother

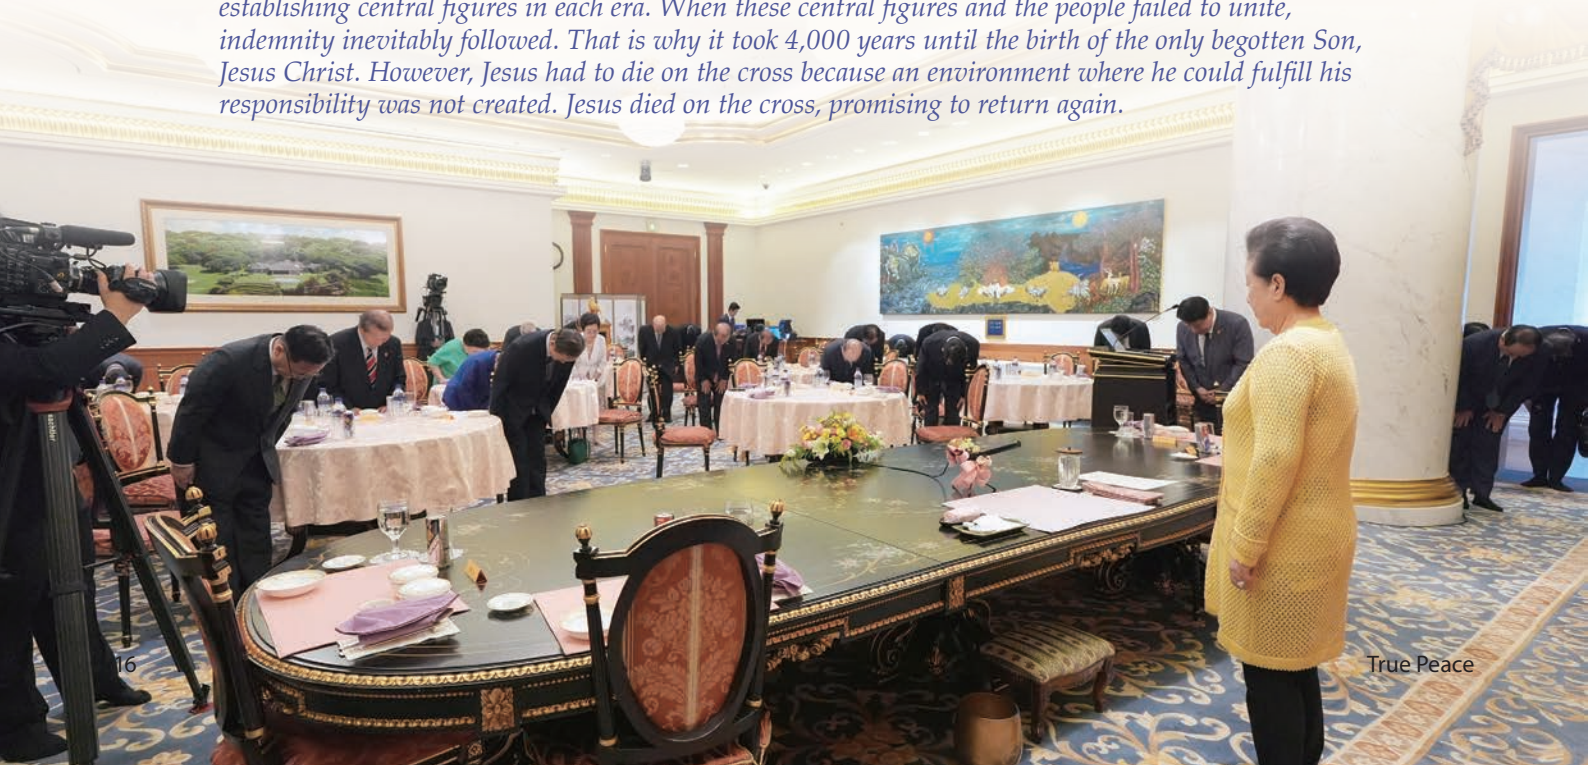

The special luncheon for Council of Elder and leaders, invited by the True Parents of Heaven, Earth, and Humankind, was held on June 18th at Cheon Jeong Gung. The event was hosted by Song Gwang-seok, President of FFWPU-Korea, who served as the MC.

True Mother's Message

Human History from the Viewpoint of Heaven's Providence

According to Heaven's Providence and the principle of creation, Heaven created all things in His image, and finally, He created a man and a woman who could become the ancestors of humanity, giving them responsibility and waiting for them to progress through a period of growth to reach completion. However, due to the Fall, they became the fallen ancestors of humanity, unrelated to Heaven. The Creator is one whose beginning and end are the same. Having begun, He must see completion.

Therefore, the providence of salvation to save fallen humanity had to begin, which we know started through the Israelite people. From individuals to national forms, God has carried out His providence by establishing central figures in each era. When these central figures and the people failed to unite, indemnity inevitably followed. That is why it took 4,000 years until the birth of the only begotten Son, Jesus Christ. However, Jesus had to die on the cross because an environment where he could fulfill his responsibility was not created. Jesus died on the cross, promising to return again.

Realizing the Importance of the Korean People Serving the Heavenly Parent

Heaven found the only begotten Son after 4,000 years, but at that time, there was no only begotten Daughter. This is because it was impossible for the Only Begotten Daughter to emerge through the Israelite people who had to undergo indemnity. Therefore, Heaven established a new people and began a new providence. This people is the Korean people. Starting from ancient Joseon times, Heaven made extensive preparations to give birth to the Only Begotten Daughter through a people who serve Heaven and abhor war. Finally, in the year 1960, the True Parents were born.

There is much to accomplish, and the providence must be completed on earth. Heaven can no longer wait. I was already seventy years old, when Heaven instructed me to inaugurate Foundation Day and proclaim Cheon Il Guk. However, proclamation alone is not sufficient; it must be demonstrated. Serving the Heavenly Parent on earth is the responsibility of the True Parents.

The Only Path is to Unite with the True Parents

Next year, we are set to enter the Cheon Il Sanctum, but the environment for serving Heavenly Parent on earth is still extremely inadequate. At the very least, national restoration should have already been achieved. Heavenly Unified Korea, Heavenly Unified World. The responsibility of this people is crucial. Even if they didn't know Heaven's providence, they should have an awakening when they see the

environment created by the Only Begotten Daughter, True Mother. Considering the efforts Heaven has exerted since the Fall, we must not make it any more difficult.

There have been so many providential events through [the Korean] people for Heaven to give birth to the only begotten Daughter who can see the completion of Heaven's 6,000-year providence.

We must not let this heavenly blessing slip away.

Therefore, all organizations must unite to inform this people. We must educate them that they are the chosen people prepared by Heaven long ago. We must tell them that they must become one. We alone cannot know nor serve the Heavenly Parent alone. We must let the 8 billion people of the world know: "The Creator is our parent. And the True Parents on earth want to help you meet that parent." We must give them hope through the blessings of the Family Federation, the second and third generations, must become pure water that purifies muddy water, aiming for one goal, to create a world of one human family centered on Heavenly Parent. That's why I'm doing various things in Cheonwon Complex to show a model of serving Heavenly Parent during our earthly life.

There is so much to do now that you must help. In this context, I have made organizational changes. Cheon Mu Won... We have to unite as one cohesive force for national and global restoration.

Council of Elders United with True Mother

Before the message, Gi-seong Lee, President of the HJ Heaven and Earth CheonBo Training Center Cheonshim Won, offered a prayer report stating, "The elders invited here today have, since understanding the will, run the course of their lives with unwavering determination through storms of hardship, believing it is a joy to serve the True Parents. I am thankful for the boundless love of True Mother, for remembering and specially inviting the elders of the Unification Family despite her busy schedule. Through this gathering, please works so that we can understand True Mother's heart, who tearfully appealed that we walk with her till the end, and may we become even more united."

Song Gwang-seok, President of FFWPU-Korea, shared the words given by True Mother during her last tour of Heavenly Europe & Middle East, saying, "We are sincerely grateful to the Only Begotten Daughter, True Mother, for giving us this precious time. Let's use this time to understand True Mother's heart and advance together in unity with her!"

Moon Yeon-ah, Chairperson of Sunhak Educational Foundation, led the victory toast. She exclaimed, "Thank you, True Mother!" and then continued, "United with True Mother, let's advance more vigorously towards national restoration directly governed by Heavenly Parent. Through the entry ceremony at Cheon Won Gung, we will strive

towards this goal. Let's resolve to achieve Vision 2025! Victory, Victory, Victory!"

Jo Man-woong, Chairman of the Council of Elders, expressed his gratitude: "We are sincerely thankful for this invitation from beloved True Mother, the incarnation of the substantial Only Begotten Daughter at the First Coming. We have reached a critical point where the unification of North and South Korea must be achieved. Let's all participate in spreading the Unification Preparation Committee nationwide and accomplish this unification, attending the Only Begotten Daughter, True Mother!"

Following the luncheon, the finale cultural performance featured diverse acts by senior members, including Special Advisor to the Council of Elders Heo Yang, Former President of Latin America Projects, Park Gu-bae, and the entire Council of Elders.

Subsequently, Dr. Jin Choon Kim, Ph.D., Chief of Staff of the Cheon Beob Shil (Judicial Secretariat), shared his impressions on True Mother's establishment of Cheon Mu Won: "The providence of Cheon Mu Won reflects Heavenly Parent's deep desire to share joy in a tangible way, centered around Cheon Won Gung and the Cheon Il Sanctum. Secondly, it embodies True Mother's intention to substantially complete the ideal world, the providence, and the model of the Kingdom of Heaven on Earth. Lastly, the use of the character 'Won' (院), meaning 'Institution' or 'House,' instead of 'Won' (苑) meaning 'Garden,' signifies Heavenly Parent's palace. It represents the center of the world, the completion of human history, and the fulfillment of providential history."

Finally, Park No-hee, Permanent Advisor to the Elder Council, led the Three Cheers of Eog Mansei. All participants resolved to inherit the accomplishments of True Parents and successfully dedicate the 2025 Cheon Won Gung Cheon Il Sanctum entry ceremony, concluding all events.

The Korea Elder Pastors Association held an event from May 21 to 22 at the HJ Heaven and Earth CheonBo Training Center. Titled "2024 Elder Pastors General Assembly and Hyojeong Harmony Festival for the Victorious Entry into Cheon Won Gung Cheon Il Sanctum in 2025," the gathering attracted 410 attendees.

This day, first proclaimed by the True Parents on June 6, 1963, according to the lunar calendar at the former headquarters church in Cheongpa-dong, followed the establishment of Parents' Day and Children's Day in 1960. During the initial observance, the True Parents conducted a dedication ceremony, offering all things in the name of the Heavenly Children to the Heavenly Parent. Later, the True Parents designated May 1 by the lunar calendar as the Day of All Things.

The 62nd Day of All Things event saw significant attendance from key leaders of Cheon Il Guk, including True Families, elders, and pastors from the five regions of Heavenly Korea. The ceremony commenced with True Families lighting holy candles, followed by an opening declaration, the singing of the Cheon Il Guk national anthem, and a pledge ceremony, setting a reverent tone for the day's events.

He called upon all those present to embody the virtues of true love and to work towards the realization of a Heavenly unified Korea, as desired by Heaven.

The celebration continued with a symbolic cake-cutting ceremony led by Cheon Il Guk leaders, enhancing the festive spirit. This was complemented by a heartfelt congratulatory song performed by soprano Sakada Yasuko, followed by Chairman Park Sang-sun delivering an impactful message that resonated with the attendees.

Song Yong-cheon, Director General of the World Mission Headquarters, spoke to the significance of the Day of All Things. He inspired the community to embrace the teachings and love demonstrated by the True Parents, to propagate these values globally, and to strive for a harmonious future marked by filial piety and divine blessings. He urged everyone to seize the momentous opportunities of this golden age and to achieve significant victories in unity with True Mother.

The event culminated in three enthusiastic cheers of “Eog Mansei,” led by Chairman Jo Man-woong of the Elders’ Pastoral Association, with a collective commitment to continuing the legacy and teachings of the True Parents. This special day not only reaffirmed the community’s dedication to their spiritual and communal goals but also strengthened their resolve to move forward as a unified body. 

The grace of Cheonshim Won's Special Jeongseong is Connecting the Whole World

Through various programs, including the Special Night Vigil Jeongseong, which is a place for spiritual training to become filial sons and daughters dedicated to serving the Heavenly Parent through unity with spirit and truth.

1. Second Launch Ceremony of Cheonshim Spiritual Academy

In accordance with True Mother's words at the 8th anniversary of the Cosmic Seonghwa of Rev. 2. The First 3-Day Cheonshim Resonance Prayer Workshop

The first 3-Day Cheonshim Resonance Prayer Workshop was held from May 23rd to 25th at the Chinhwa Education Center Building B. This 3-day workshop attracted far more participants than expected, reflecting the members' earnest desire to become more united with True Mother.

The Cheonshim Resonance Prayer workshop was conducted with the intention of all participants becoming children who inherit the grace of Heaven while resonating with the heart realm of Heavenly Parent and True Parents.

The workshop focused on three main themes: ‘inheriting the heart of Heaven, inheriting the grace of Heaven, and increasing one’s skills and abilities’ for establishing the culture of devotion in the Cheon Il Guk era. It included training in experiencing faith in daily life centered on the True Parents of Heaven, Earth, and Humankind, practical education on Cheonshim Resonance Prayer and unison prayer, and more.

Especially in the early stages of the workshop, participants were provided with clear guidelines on how to offer their devotion to Heavenly Parent and True Parents. This included sharing about the purpose, power, and method of calling prayer, as well as the power and method of Resonance Prayer in unison.

Participants repeatedly expressed that they “were able to clean away much accumulated debris, sow the seeds of Cheonshim Won, and find a clear path for their lives.”

This 3-Day Cheonshim Resonance Prayer Workshop is expected to reach many more members through its increasingly enriched program as it continues to be held in the future.

3. The Grace of Cheonshim Won Special Vigil Condition and 40-day Workshop

On May 18th, the ‘267th Hyojeong CheonBo 40-day and 169th Blessed Families’ Wives Hyojeong CheonBo 40-day Special Workshop’ took place. The Cheonshim Won Special Vigil Condition, foundational for heart revival and deepening faith, enriches this workshop by fostering unity with True Mother. The 40-day program includes a sequence of activities: following the life course of the True Parents, Divine Principle lectures, Cheonshim Won vigils, absolute sex education, and holy ground pilgrimages. These components enable participants to connect deeply with the True Parents’ heart, enrich their faith, and receive ongoing education. Member testimonies attesting to transformative experiences continue to affirm the workshop’s impact. 

Testimonies of Grace: Cheonshim Won Special Vigil Condition

Witnessing many people passionately calling out for True Mother and True Father deeply moved my 16-year-old heart

Second Generation of 360,000 Couples

I've never been a regular churchgoer. However, my experience at the training center deeply affected me. Previously, I felt disconnected from True Parents, only seeing them through videos. But when I attended the Cheonshim Won Special Vigil Condition, I was amazed at how different it felt in person. The scene of so many people gathered together, calling out to True Mother and True Father with one heart and mind, deeply moved me. I believe True Mother's love and devotion led me here. I'm sincerely grateful to True Mother for allowing me to learn and feel so much. This experience touched my 16-year-old heart in a way I hadn't expected. Thank you, True Mother, for this opportunity.

My husband runs a real estate agency and customers began to come in just three days after we started praying

40 Million Couples, member

Following True Mother's directive to "participate in the great works," I made a significant decision to get involved. Despite the exhausting farm work and sore fingers, I devoted myself to prayer and offered jeongseong during the Hyojeong Chanyang. Miraculously, my usually sore middle finger improved. I also frequently participated in the Special Vigil Condition at Cheonshim Won and began a family name calling prayer. Up to now, my husband's real estate business had been struggling without clients, but three days after starting the name calling prayer, clients began to appear. This unexpected change made me feel the spiritual world was cooperating through True Mother's jeongseong and love. I am grateful for this experience.

Right after completing the Hyojeong Offering Ceremony and the Ancestor Blessing Ceremony, I received a call from someone I had previously witnessed to

Second Generation of 360,000 Couples

The grace of the significant miraculous works conducted on the victory foundation of the 1000th Cheonshim Won Vigil Condition Special Prayer has allowed us to experience even more powerful spiritual work and grace. One of the main reasons I feel that the response to prayers has greatly accelerated is due to our devotion to those we witness to. As a result of being deeply involved in this devotion, my visits to Cheonshim Won have increased.

I had invited someone I am witnessing to a prayer meeting held at Sun Moon University, where I served as the MC and promoted the great works. During that time, my invitee asked me about the 'great works' one day. I shared the details truthfully, and he tentatively agreed to attend a workshop at the training center during this summer vacation. Wearing the full armor provided by Heavenly Parent and True Parents, and boldly proclaiming with faith, I have come to realize that the spiritual world automatically engages and supports us. None of this would be possible without Heaven's intervention. I am committed to not giving up and will continue to earnestly devote myself to ensure that this grace is not in vain.

The Grace of the 40 Days Workshop

Reflecting on the 64 years of True Mother's journey,
I felt a profound warmth surging through my heart, akin to flowing lava

Second Generation of 360,000 Couples

After being discharged from the military, I entered the job market at the young age of 23 and am currently working as a hotel staff member. The job's 24/7 demands left me physically and mentally exhausted, leading to less frequent church attendance and a growing distance from the church. This also led to a decline in my job performance. This prompted me to attend a 40-day workshop for the first time.

I began the 40-day workshop with the resolve to 'truly feel and embody the heart of Heavenly Parent and True Parents and be reborn!' Upon arriving at the training center, I immediately felt peaceful and happy. Gradually, I began to reflect on my life, realizing I had been living by my own rules without deeply connecting Heavenly Parent and True Parents, and I felt regret for the past.

One day, before the great works, as I was about to enter the Chinhwa building after completing a vigil, a banner of True Parents on the wall caught my eye. Normally, I would have passed by this banner without a second thought, but seeing True Mother on it suddenly brought tears to my eyes.

Coming to Cheonshim Won daily and calling out to Father and Mother, helped me, feel my heart grow day by day. 'Contemplating about how *Wang Omma* had walked alone through 64 years of marriage, I felt an intense heat like lava flowing deep within my heart.' 'That was it!' I realized I had been living an empty life, not resonating with the heart of Heavenly Parent and True Parents, and I repented again. Through the 40-day workshop, I discovered that with this newfound fiery heart, if I put more effort into the world, there is nothing I cannot achieve. I am grateful for this transformative experience. Thank you.

2024 The Launch Ceremony for the Peace Road Unification Expedition

The International Students' Friendship Summit

“Unification of the Korean Peninsula is a global issue, not just a regional one.”

On the 37th anniversary of the National Alliance, Chairman Hwang Sun-jo pledged to build “a happy community of interdependence, mutual prosperity, and universally shared values for the Korean people.”

The “2024 Launch Ceremony for the Peace Road Unification Expedition” began with the ‘The International Students’ Friendship Summit,’ a dynamic debate on Korean Peninsula unification conducted by foreign students in Korea.

This event, hosted by the National Alliance for the Unification Movement, was held on the 24th at Sun Moon University’s International Conference Room. It featured a diverse panel that included six students from Sun Moon University alongside other university students, unification organization members, and local residents, drawing around 300 participants.

Chairman Hwang Sun-jo shared his insights during his welcome address, emphasizing the importance of viewing inter-Korean tensions as opportunities for progress. He committed to fostering an international foundation and a national movement to support the unification for an Interdependent, Mutual Prosperous Korean community.

Chairman Song Kwang-seok of the FFWPU-Korea expressed his hope that the Peace Road Unification Expedition would catalyze a resurgence in civilian-led unification efforts.

Participants discussed the unification issue as a global concern, not just a local one, sparking a renewed interest among domestic university students who had previously been indifferent to the topic. Jonathan Gasper from France (22 years old) highlighted the historical unity of Korea, asserting that unification is a destiny that completes and advances a nation. Kinami Satomi (23 years old) from the USA discussed the difficulty of reconciling divided nations and emphasized the role foreign students can play in supporting peace and reconciliation initiatives.

Diana Bakulinskaya from Russia (20 years old) talked about resolving national and ethnic conflicts with love and consideration for others. Kanaye Dazawa from Japan (23 years old) reminded attendees that North Korea is not separate from South Korea and that unification is a global issue that humanity should actively engage with. Zures Honon from Benin (28 years old) discussed the economic and cultural benefits of unification, while Hoti Luyen from Vietnam (22 years old) viewed the unification as a complex but rewarding process that promises peace and prosperity for the region.

Following the summit, approximately 40 members of the Peace Road National Expedition Team, consisting of Sun Moon University international students, participated in a riding event to express their hopes for Korean unification.

In addition, the National Alliance has outlined various unification movement projects to be conducted during the second half of the year. These include the continuation of the Open Summits on Unification for foreign university students funded by the Ministry of Unification, a workshop or tour to experience life on the divided area, and a symposium on democratic unification for diplomatic mission staff, all aimed at building international support for peace and unification on the Korean Peninsula.

UPF PERU - Humanitarian Programs

One of UPF's core principles is living for the sake of others. UPF Peru promotes this through various activities, including bringing medical aid, providing food and clothing to those most in need, building friendships among diverse people, and alleviating suffering.

Many Ambassadors for Peace in Peru are constantly working on various projects throughout the country. Here is the latest news from one such ambassador, who, in collaboration with military personnel, visited a remote and almost inaccessible part of the country to provide aid and use his professional skills to help the local indigenous population

Dr. Angel Alberto Araujo Huaraca, a dental surgeon and Ambassador for Peace, undertook his first project of 2024 by flying to the remote region of Rio Tambo, home to a tribe of 250 Ashaninca people. This community rarely has contact with the outside world due to its remote location.

The visit was coordinated with the Joint Command of the Armed Forces, the regional Government of Junín, the Provincial Municipality of Satipo, and the Municipal District of Rio Tambo. Due to the area's inaccessibility, they traveled by military helicopter, bringing food, clothing, and baskets of gifts for the celebration of Mother's Day 2024.

Dr. Araujo provided free dental care for the community located in VRAEM, the valley of the Apurimac, Ene, and Mantaro rivers. This Peruvian region has long been stigmatized by the outside world as a "lawless" area overrun by "narco-terrorists." While this description holds some truth, as about 70 percent of Peru's cocaine is produced in the region, efforts like Dr. Araujo's help to bring much-needed assistance and goodwill to the local population.

Bolivia: High Noon Bolivian Workshop

On June 1 and 2, the Santa Cruz-Bolivia church welcomed the “High Noon” organization for their “Owner of Your Sexuality” workshop. This event was designed to foster a culture of empowerment among youth and blessed families, focusing on creating radiant couples and thriving family relationships. A total of 33 youths and 35 blessed families participated, engaging in lectures on:

- Creating a Shadowless Culture
- Purity
- The Nature of Addiction
- A Life of Sexual Integrity
- School of Love

The workshop provided a reflective environment where participants addressed social challenges such as pornography, addiction, and sexual intimacy—issues that also impact the Unificationist community. Speakers drew

upon the teachings of the True Parents, illustrating how families can embody the midday sun, a state where no shadows exist.

The event offered a safe space for youth to open their hearts and deepen their understanding of the importance of maintaining sexual and emotional purity. It also helped them improve relationships with their parents and clarify the purpose of their lives, contributing to their personal and spiritual growth.

Argentina: High Noon Argentina Workshop

On June 8-9, High Noon conducted a “Owner of Your Sexuality” workshop in Argentina. This two-day event included an educational workshop for young adults, focusing on living a life like pure water, free from shadows. Sunday’s program was designed for families, featuring sessions for couples and parents centered on cultivating heavenly sexuality.

These programs supported the creation of heavenly intimacy within marriages and provided a space for open discussions about sex and pornography with children. The workshop attracted 50 youths and 35 young adult couples and parents.

Esperanza Gomez, the national president of FFWPU Argentina, expressed her appreciation, stating, “We feel very fortunate to receive High Noon in Argentina. High Noon’s work is an inspiration from God and a vital resource for our children to confront the cultural challenges posed by external influences on sexual integrity. It addresses the struggles our children face with pornography and other threats to purity.”

Emanuel Sayavedra, YSP president in Argentina, also shared his insights: “These are really precious tools that help us confront deep issues that the youth, young couples, and older couples face, whether they are addictions like pornography, masturbation, or other challenges to sexual integrity. It goes to the core of our relationships and aligns with what True Parents talk about in building true families.”

Brazil: High Noon Retreat at Heavenly South America Headquarters

Africa Spiritual Day - IAPD Africa

Achieving peace through the dedication of religious leaders and promoting exchanges among global religious leaders across all denominations and sects.

May 22nd, 2024, was a significant day in the history of IAPD-Africa & Africa Union. It was the celebration of AFRICA SPIRITUAL DAY, held in the Medium Hall of the AFRICA UNION under the theme: "EDUCATING THE AFRICAN PERSON TO BE SPIRITUALLY Fit in the 21st Century."

More than 350 local participants took part in the event, along with 27 Religious Leaders from countries such as South Africa, Rwanda, Ghana, Côte d'Ivoire, Nigeria, and even from the USA, Canada, and the UK.

It is noteworthy that the foreign participants were all self-sponsored. Among the 350 local participants were 36 of Simon's religious leader invitees, 99 of Pastor Adane's invitees, 15 from the Inter-Religious Council of Oromia, 9 from the Ethiopian Catholic Church, 11 from the Ethiopian Orthodox Tewahedo Church, 15 from the Ethiopian Islamic Affairs Supreme Council, totaling 214 religious leaders.

The remainder of the attendees came from different parts of civil society. Witnessing religious leaders of various denominations come together to celebrate the day was particularly moving.

After the signing of the Memorandum of Understanding, one of its objectives, the marking of Africa Spiritual Day, was realized. It has been a long time since IAPD Africa decided to organize Africa Spiritual Day at the AFRICA UNION, but there have been many date changes due to already booked programs in AU. Importantly, IAPD Africa leaders wanted to proceed first with the signing of the MOU and then celebrate Africa Spiritual Day as a milestone that brings it to fruition.

Once the hall was filled with participants, the program began at 11 AM and ended at 1 PM. Rev. George Ogurie, IAPD Africa coordinator, and Mrs. Hazel Dixon, CIDO official, were the MCs of the day. The gathering included a diverse array of faith and religious leaders such as Dr. Dr. Uzwi-Lezwe Radebe, The Revelation Spiritual Home and Chairman of IAPD Africa, and Dr. Taj Hamad, Director of the Universal Peace Federation (UPF) Office of United Nations.

Other religious personalities included Cheikh Imam Moussa Drame, Chairman of IAPD-Cote d'Ivoire and President of the Supreme Council of Imams and Mosques of South Comoe Region, Cote d'Ivoire, and Rabbi Belayneh Tazebku, Brit Olam Bete-Israel Judaism.

The event started with the Africa Union anthem and a musical offering from the Meseret Kristos choir. Four different perspectives were given as keynote addresses, and it was evident that participants were moved to see faiths find common ground. Immediately after the closing invocations, people were directed toward the Nelson Mandela Hall for a group photo. Lunch was also provided to all the participants.

In the afternoon, an interactive session was planned for the foreign participants to deepen their commitment to IAPD and its goals. This session was optional for local participants, as some had other work and commitments.

In conclusion, this historical event, which saw a unique celebration involving different religious leaders, serves as a nucleus or model for our True Parents' vision of uniting all humanity under the concept of One Family Under God.

Additionally, the Interreligious Association for Peace and Development (IAPD) was founded in November 2017 in Seoul. The launch saw the participation of approximately 500 religious leaders from over 20 denominations worldwide, including representatives from the Family Federation for World Peace and Unification, Christianity, Buddhism, Catholicism, Confucianism, Judaism, Islam, and Shinto.
