Wonju Jeong McDevitt, Vice Chair

Dear Cheon Il Guk leaders, pastors worldwide, and blessed family members,

I hope this message finds you well as you work tirelessly in our providential field. Despite the intense heat of last September, I believe our passion and devotion to Heavenly Parent and True Parents of Heaven, Earth and Humankind remained unmatched.

I would like to express my gratitude to True Mother for giving us such precious grace and blessings with great devotion and love during the Victory Resolution Week for the Cheon Won Gung Cheon Il Sanctum Entrance

Ceremony.

I would also like to thank the Cheon Il Guk leaders, pastors worldwide, and blessed family members for your understanding and active participation in various events centered on Cheon Mu Won, which was established as a pivotal organization in Heaven's Providence.

Beloved blessed family members,

We are now participating as pioneers opening wide the door to a new era and new unprecedented time in human history, attending True Mother, the substantial Holy Spirit and only begotten Daughter.

Regarding this miraculous and encouraging event, I am reminded every moment that it is an unbelievable blessing and unbelievable grace. The completion of Heaven's Providence and human history! On the day of the Cheon Won Gung Cheon Il Sanctum Entrance Ceremony, which will be the first and last in the 6,000-year history of Heaven's Providence, I cannot express how grateful I am that we have the privilege of fulfilling our duty as children in the holy act of enshrining Heavenly Parent and True Parents of Heaven, Earth and Humankind in the highest place of glory. In that sense, I would like to give a round of applause to all of you.

Now there are exactly 221 days left until the Cheon Won Gung Cheon Il Sanctum Entrance Ceremony (as of September 9, 2024). True Mother is preparing for the entrance ceremony with the highest devotion for Heavenly Parent. True Mother is counting down the days with joy, excitement, delight and gratitude, leading the entire event as one continuous flow. On the other hand, she feels very sorry and regretful before Heavenly Parent that this cosmic day is only being realized at this time.

We must all understand True Mother's desperate heart and grateful mind well, and become devoted figures who can fully respond to her will.

True Mother has also emphasized several times that the entire Cheon Won Gung entrance ceremony event should proceed in perfect unity centered on Cheon Mu Won with all continents and all providential organizations. The reason is that she established Cheon Mu Won as the final organization for the completion of Heaven's Providence.

Fully understanding this will, I sincerely hope that you will become proud Cheon Il Guk leaders, public officials, and members who are completely united with Cheon Mu Won and who will surely achieve and be victorious in the Cheon Won Gung entrance ceremony.

Once again, I sincerely thank you for participating with deep devotion so that the Victory Resolution Week for the Cheon Won Gung Cheon Il Sanctum Entrance could be held with grace and bring glory to Heavenly Parent and True Parents of Heaven, Earth and Humankind. I pray that grace, love, and unity centered on Heavenly Parent will always be with your church and family, and that greater victory and happiness will dwell with you.

Cheon Il Guk is the Ideal Heavenly Kingdom's Reign of Eternal Peace

This is an excerpt of the speech given at the "Cheon Jeong Gung Entrance Ceremony and Coronation of the True Parents, the King and Queen of Peace in Heaven and on Earth" held on June 13, 2006 at Cheon Jeong Gung.

Esteemed leaders of all nations in the world, honored guests of Heaven who have gathered from every corner of the earth to celebrate this treasured historic and providential day, and people of the spirit world and physical world who are being reborn as citizens of Cheon Il Guk.

In the name of all human beings in the spirit world and physical world, numbering more than three hundred billion souls, I offer boundless gratitude and glory to God, the Creator of all things,

the eternal True Parent of humankind, and Great King of the Cosmos.

The path for the people of Cheon Il Guk

Do you know the significance of January 13, 2001? It was the day of the Enthronement Ceremony for the Kingship of God. For countless years, Heaven had been waiting for that event in eager anticipation. It was the greatest and most exalted celebration humanity had ever witnessed. On that day, Rev. Moon, who had been anointed as the True Parent of

all humankind and had traveled a path of indescribable suffering and pain until he gained the final victory, offered his entire foundation to Heaven.

For tens of thousands of years, God had endured an existence full of lamentation and grief, even as He conducted His providence with a parental heart. When that enthronement ceremony was offered to Him, it marked the moment of His long-awaited liberation and inner freedom. On that providential day, we declared to all heaven and earth that we would attend God as the vertical True Parent and Great King of Heaven and Earth, that we would unfurl and raise high the banner of Cheon Il Guk, and that the new sovereignty of Heaven had begun.

For the next three years, we, the True Parents, held firmly to the helm while the winds of heavenly fortune surged around us like a typhoon. We dashed forward as though each day were worth a thousand years. Then on the foundation of True Parents' victory, we declared May 5, 2004 to be the Day of the Victory of the Number Ten Combining Two Halves (Ssang Hab Shib Seung Il). On that day, the True Parents brought to a close the era before the coming of Heaven with its long years of grief, and opened the Era after the Coming of Heaven, the new age when we can build a new heaven and a new earth. This marked the beginning of a great and historic revolution to return the earth to God as a substantial reality.

Beloved citizens of Cheon Il Guk, today you are receiving amazing grace. You are participating in the Coronation Ceremony of the Substantial King of Peace in Heaven and on Earth, and you are being registered as citizens of Cheon Il Guk. You and your ancestors by the tens of thousands are receiving this grace along with you today, and they will thank you throughout eternity.

The Bible says, "But strive first for the kingdom of God and His righteousness." (Matt. 6:33) Today you are witnessing the miracle of miracles, the establishment of Cheon Il Guk, the substantial sovereignty in the Era after the Coming of Heaven. God truly works in mysterious ways. By the first day of the new millennium, God had already placed

Cheon Il Guk on the horizon. Who could have imagined, though, that they would see the day when the King of Peace in Heaven and on Earth would ascend to his throne? You thought it was just a dream, however you are witnessing it in your lifetime.

Citizens of the kingdom of heaven, this is a precious and blessed day of victory and glory. Now, as the King of Peace in Heaven and on Earth, I will declare, on this thirteenth day of June in the sixth year of Cheon Il Guk, the fundamental duties and mission that every citizen of Cheon Il Guk must understand and live by as they walk the way of Heaven.

First, as God is the vertical True Parent and you are true children of God, you will establish the realm of three generations in your family, perfect the four great realms of heart, and attend God on the vertical axis for eternity.

Further, you will inscribe on your heart the need to uphold the King of peace, who is the horizontal True Parent, in heaven and on earth, and to live with absolute obedience on the horizontal axis for eternity as a citizen of Cheon Il Guk. You will make living for the sake of others, which is the practice of true love, the standard for your life. You will establish a true family and raise true children who are sinless and pure, thus protecting God's lineage and bequeathing it intact from generation to generation.

Second, no matter what the situation, you will live with your mind and body united as one. In my case as well, from the day I first determined to follow Heaven's path, I resolved to keep this as my motto: "Before you desire to have dominion over the universe, you must first gain dominion over yourself."

God has given you a conscience as your guide in accomplishing this objective. Your conscience knows everything about you. It has complete knowledge of every action and step you take; it even knows your thoughts. Your conscience knows all these things about you before your teacher or pastor knows. It knows them before your parents know. It knows them even better than God knows. So if you place

your conscience in God's position over your life, and go the way of absolute obedience, of "high noon" settlement whereby your life casts no shadows, it is certain that you will establish a realm of resonance between your mind and body and perfect their unity.

World peace through cross-cultural marriage

Third, the unification of the spirit world has been completed. The issue now is the people living on earth, in their physical bodies. They struggle in agony in the midst of sin and suffering, yet they are your brothers and sisters. Your third mission is to educate them and bring them home as people of Cheon Il Guk.

You need to educate everyone to understand that all human beings without exception are descended from the Fall, and that they have to change their blood lineage through receiving the Holy Marriage Blessing from the True Parents. You need to continue the work of engrafting people onto the true olive tree, by having them participate in the grace of intercultural marriage, until the day when all human beings, numbering more than three hundred billion souls, are restored to God's lineage.

Fourth, you are created to spend about ten months in your mother's womb, about one hundred years on earth breathing air, and then all eternity in the spirit world. You need to understand that, just as proper preparation in the womb is required for a healthy life after birth, you need to devote your earthly life to preparing yourself for the next stage of life in the spirit world. Never forget that in every time and place, and no matter what you are doing, your ancestors in the spirit world are with you. Be ever mindful to live in harmony with the spirit world. Communicate in prayer with the heavenly world with sincerity and dedication, so that you may become perfected in your spirit self while you are living on earth.

Fifth, your talents and abilities are required for the management and governance of Cheon Il Guk. Now therefore, cut away and cast off your mask of selfish individualism. It is just a remnant of the Era before the Coming of Heaven. In order to belong to Heaven, you have to change ownership by participating in the Ceremony of Returning Ownership, offering everything you own to God and then receiving it back from God.

In addition, all citizens of Cheon Il Guk will provide funds for the well-being and peace of humanity, by taxation and by voluntary contributions. They will demonstrate the model of offering the first three-tenths of their income for public purposes. This cannot be an imposed tax; it has to be a gift that citizens offer willingly to Heaven with joyful hearts.

The life of citizens of Cheon Il Guk

Sixth, beloved citizens of Cheon Il Guk, in the Era after the Coming of Heaven it is possible to recover the ideal world of creation that was lost as a result of the Fall. God created everything in the universe as

our natural environment; all things are absolutely needed for human prosperity. Human beings and nature are meant to share a realm of mutual resonance, with men and women as the subject partners of love and nature as the object partner thriving under our management and beautified by our creativity. We can no longer ignore or accept actions that destroy nature and pollute the environment.

As citizens of Cheon Il Guk, please exercise wisdom to protect and love nature. Return to nature and enjoy a life of liberation and complete inner freedom. To love nature is to love God and humanity. When human life resonates with nature, human character can blossom in perfection. The flowers of a true culture of heart, a true artistic world, will bloom. It will be the garden of Eden, the original ideal world where God, human beings and all creation live in complete harmony and express their original nature.

If you practice such true love in your daily life, how can God do anything but bestow great blessings upon you? You will live for all eternity in blessing and happiness.

Seventh, the Era after the Coming of Heaven that God and True Parents have opened is a time of dramatic change. As registered citizens of Cheon Il Guk, you have the mission to make this era blossom and bear fruit in blessing and glory. Therefore, please become Heaven's emissaries, fulfilling the dual missions of the peace kingdom police force and peace kingdom corps. Serve humanity under the banner of the Universal Peace Federation, which is working to establish the position of the Abel UN. Worthy countrymen and women, if not you, then who will nurture and protect the blessed families and this blessed planet Earth that God has given us?

Please become true princes and princesses who live in attendance to God as your vertical True Parent, for He is the Peace King of the multitudes. Let us build the everlasting peace kingdom by attending the King of Peace in Heaven and on Earth and fulfilling the dutiful family way of filial sons and daughters, patriots, saints, and divine sons and daughters.

Beloved people of Cheon Il Guk, I hope you truly will celebrate and enjoy this precious and holy day. Brush off your cares and worries and celebrate this day in joy while attending your Heavenly Father and True Parents with all your heart. The sincerity and dedication expressed by each of you brings even more glory to this day. The beautiful mountains, streams, trees and flowers here in the vicinity of Cheongpyeong Lake are showering their blessings upon you as you prepare to embark on your ambitious journeys. Your descendants, too, will take pride that you participated in this long-awaited day, and they will honor and praise you forever.

I pray that the abundant grace and blessings of God in heaven may be upon you and your families.

Thank you. ㄸ

The Completion of Heaven's Providence, the Completion of Human History

These are excerpts of True Mother's words related to Cheon Won Gung.

Words from the Special Meeting at Cheon Ji Seon Hak Won

- May 3, 2019, Cheon Jeong Gung

What was God's dream when creating the earth? As the Creator and Master of the universe, He made all things and created the human ancestors, a man and a woman. His purpose in creating these human ancestors was to become the true Owner and true parent of the visible world. However, because the human ancestors fell, God has been a God of lamentation and tears until now. He was not a happy God. Thus, He has led the sorrowful and regretful history of the providence of restoration through indemnity. How difficult must this process of restoration have been for it to take 4,000 years! God sent Jesus Christ, the only begotten son whom He could call "My son." But Jesus, too, stood in a position of not fulfilling his responsibility, a position of failure. In an environment where he could not fulfill the purpose of

his coming, Jesus had no choice but to go to the cross, saying, "I will come again!" and promising to hold the marriage supper of the Lamb upon his return. This means that completion must be seen on earth. The reason I am saying that I will build Cheon Ji Seon Hak Won as True Parents is because I need to show the place where Heavenly Parent's dream, True Parents' wish, and humanity's wish are fulfilled. We must show, "This is what the form of the Kingdom of Heaven on Earth looks like." There, all things in heaven and earth are beautiful and the buildings are beautiful, but it must be a place where one can feel freedom and peace of mind. Without going through the condition of being reborn through True Parents, one cannot come before God. That's why we need to quickly complete Cheon Ji Seon Hak Won to educate them as well.

True Mother's Words from the Special Assembly at Cheon Ji Seon Hak Won

- July 4, 2019, Cheon Jeong Gung

The completion of this building is the completion of Heaven's providence. It is the completion of human history. If Cheon Jeong Gung represents the Holy of Holies centered on True Parents, the Cheonji Sunhak Museum will respond to the concept of central administration and will become Cheon Won Gung. So this will be the place from which the True Parents on earth Will rule all countries and their peoples. For this to happen, you should not distinguish between day and night. We must not have the concept of this being [just] a museum. In this viewpoint, it is Cheon Won Gung. This place is Cheon Jeong Gung, and the Cheonji Sunhak Won is Cheon Won Gung. People from all over the world will come receive education at Cheon Won Gung, discover the truth and achievements of True Parents, and through the Blessing will be reborn as children of God who will lead exemplary lives on earth.

Special Meeting with True Mother at Cheon Won Gung

- June 4, 2020, Cheon Jeong Gung

This time is eternal and unique time. Also, today, all different departments are meeting to complete this temple. This kind of [meeting] never existed in the past and will not exist in the future. However, [it will bear fruit in a work] that will remain eternally. People from all over the world will want to visit and want to live here. So, you should be grateful for all the blessings you are receiving these days and for being alive during this time on earth. Through this temple, people can receive education. We want to create an environment where they can experience ... Heavenly Parent's dream was to love and embrace humanity and to live with them as their parent on earth. Heavenly Parent wanted to realize the kingdom of heaven on earth.

True Mother's address at the luncheon after the installment ceremony of the Cheon Jeong Gung museum director

- November 20, 2014, Cheon Jeong Gung

When people enter this building they will be able to visually see with their eyes manifestations of True Parents' lifetime achievements and their speeches, expressed using modern technology. When people see and immerse themselves in this experience, by the time they exit the building they will feel different from when they first entered. They will want to be part of our movement. I want to create such a mood where people can come to that decision on their own. We will create an environment where our Heavenly Parent can be revered in the most beautiful, solemn and dignified way. It will show how True Parents had begun from a humble position yet devotedly persevered for the sake of humanity, to save humankind, through a course drenched in their tears, sweat and blood. This facility should be able to express how much indemnity True Parents paid and how much sacrifice they made in order to save and bring new life to humankind. Visitors should be able to see this in a glance.

Words at the Special Luncheon for Cheon Ji Seon Hak Won Art Committee Members

- September 28, 2018, Cheon Jeong Gung

When the artworks are completed, renowned people from around the world will come. We must make them not want to leave. The works should be able to unite humanity, something that cannot be expressed in words or writing, but can be experienced. You should immerse yourself in creating

works thinking that you are leaving behind the greatest achievement and work of your life. Your body and mind must be united. At this time, such providence is progressing through the Korean people, and when your works become known to the 7.6 billion people of the world, they will shed tears of gratitude and emotion. I hope you will do your best to carefully match the colors for each work and create works that are second to none.

True Mother's Message to Japanese Church Leaders

- May 6, 2016, International Youth Training Center

You are currently living your lives with True Parents. The physical body has limits. However, if you have wishes and I have wishes, I want to fulfill everything within the time I have. A world united centered on Heavenly Parent and True Parents... I want to show you what that world will look like. In this regard, while words are important, visual effects are tremendously significant. Thinking in this way, through the Cheonji Seonhakwon, I will depict for you the entirety of True Parents' lives and achievements, the kind of lives future Cheon Il Guk citizens should live, and how they can become close to True Parents. Then, those of you on earth must take responsibility. You must finish well with me. You must organize well. You must realize a wonderful dream with me. We need to quickly create a platform where we can say, In the future, in Cheon Il Guk, heaven on earth will look like this; so all of you should come. I trust you.

Victory Celebration and Commemorative Luncheon for the Groundbreaking Ceremony of Cheonji Seonhak Won

- September 8, 2017, Cheon Ji Seon Hak Won construction

The dream of Heavenly Parent, the wish of the True Parents of Heaven, Earth and Humankind, and the desire of humanity is to realize the Kingdom of Heaven on Earth as one human family while the True Parents are on this earth. I hope you become those who decide to take the lead and assume responsibility for this.

Benediction at the Groundbreaking Ceremony for Cheon Ji Seon Hak Won

- September 8, 2017, Cheon Ji Seon Hak Won site

Beloved Heavenly Parent! We thank You. We are so sorry and grateful for Your efforts in leading ignorant humans without abandoning them. Heavenly Parent! You have now laid the foundation for Cheon Il Guk to settle through True Parents who can fulfill Your dream. Now, with the establishment of this place, we will go towards the day when this nation will realize and people around the world will be able to return even more gratitude and glory to Heaven with a heart of filial piety. Heavenly Parent! If You are with us, we will surely accomplish it. We will create Your dream, the Kingdom of Heaven on Earth as one human family. Today will be the day of departure for that day. Father! Please oversee everything today. We offer all these words with gratitude and blessings in the name of True Parents. Aju!

True Mother's Speech

*I have told you that you are Pure Water.
Since you were born through True Parents in a place unrelated to the Fall,
you are all sons and daughters of Wang Omma.*

*The way for the world to live, and
the way for Japan to live, is to attend Heavenly Parent.
We must attend Heaven. But how are people to attend Heaven?
You must attend the Only Begotten Daughter, True Mother.*

*So, you all need to be able to give good lectures on
ChamBumo-Ron [Discourse on the True Parents].
This is Heavenly Parent's dream and wish.
We must fulfill the dream of Heavenly Parent,
who wants to embrace us, love us,
and live with us on earth together with True Parents.*

*After we hold the Entrance Ceremony for
the Cheon Il Sanctum in Cheon Won Gung next year,
we must continue to expand the environment
in which people can attend our Heavenly Parent.*

*By becoming one with the only begotten daughter, True Mother,
we will restore the nation and the world
and find the solutions to the problems happening all over the world today,
including wars and conflicts between peoples.
Only by resolving all problems in attendance of our Creator,
Heavenly Parent, can we become a nation of brothers and sisters
that cannot and will not fight, and thus realize a peaceful world.*

*In bringing this about, the things that each of you do and
the decisions each of you make are important.*

After the speech, during the JTGC Hyojeong offering time, participants pledged to move forward with 'One Center, One Heart, One Direction, One Goal' to achieve a victorious offering for the Cheon Il Sanctum of Cheon Won Gung for the substantiation of Cheon Il Guk. The special audience concluded with enthusiastic cheers of Eog Mansei led by Deputy Director Motoyama Katsumichi. 

Special Devotions to Be Offered by the Organizing Committee for the Entrance Ceremony for the Cheon Il Sanctum in Cheonwon Gung

In accordance with True Mother's instruction to "prepare for the entrance ceremony with the greatest devotion of your life," a special 7-day devotion opening ceremony for the Cheon Won Gung Cheon Il Sanctum Entrance Ceremony Organizing Committee was held at the HJ Heaven and Earth CheonBo Training Center from September 3-9.

The special devotion opening ceremony was attended by a total of 58 people from Korea and abroad, including Moon Yeon-ah, Co-Chair of the Organizing Committee, Lee Gi-seong, Co-Executive Committee Chair, Hwang Bo-guk, Co-Executive Vice Chair, and those involved in planning the entrance ceremony and creating praise songs. It was emceed by Kim In-chang, Director of the Cheon Mu Won Mission Policy Department, and proceeded in the order of opening declaration, singing of the Cheon Il Guk anthem, Family Pledge, report prayer, welcoming remarks, opening address, and closing.

On this day, Co-Executive Vice Chair Hwang Bo-guk offered a report prayer, saying, "Heavenly Parent, True Parents of Heaven, Earth and Humankind, we sincerely thank you for the grace of gathering us on this precious day to prepare a victorious Cheon Won Gung Cheon Il Sanctum Entrance Ceremony in accordance with True Mother's order. As we gather all our wisdom to bring glory to Heavenly Parent and True Parents, please work so that all participants can let go of past habits and move forward only for the fulfillment of Your will."

Song Yong-cheon, Co-Executive Committee Chair, shared True Mother's recent words in his opening address, saying, "This gathering was arranged according to True Mother's order to prepare for the entrance ceremony more thoroughly and meticulously than any other event. I hope that during this special devotion period, as we all deeply reflect on how much devotion and love True Parents have bestowed to realize Heavenly Parent's dream throughout this process, we will do our utmost to ensure this becomes the foundation for fulfilling Heavenly Parent's will."

Lee Gi-seong, Co-Executive Committee Chair, said in his opening address, “I believe there will surely be victorious results for us who come running unconditionally when True Mother calls. The Cheon Won Gung Cheon Il Sanctum Entrance Ceremony signifies the fulfillment of Heavenly Parent’s dream, the completion of the heavenly providence, and the completion of the purpose of creation. It also means the historical event of realizing the new heaven and new earth mentioned in Revelation 21 of the Bible. I hope we can all become people who can say we served True Parents well before history.”

Moon Yeon-ah, Co-Chair of the Organizing Committee, said in her welcoming remarks, “Above all, when I see True Mother agonizing over and over because time is so tight and every moment is so precious, I felt that we here must sympathize and empathize with that content. I believe that if we feel True Mother’s heart and the situations of absolute oneness with Heaven from our own perspective, Heaven will work. I hope that starting with this special devotion period, we will sincerely repent and be grateful, and that this will be the day of beginning when we can be with Heaven.”

Following the opening ceremony, the overall schedule for the special 7-day devotion was composed of special lectures (by Lee Ki-sik, Director of the Great Epic Department), praise history, Cheonshim Won overnight devotion, sectional meetings, and individual devotion time, according to True Mother’s guidelines.

On the first day, participants resolved to let go of past thoughts and habits in oneness with Heaven, and to open a new chapter fitting for the new era of Cheon Il Guk.

Staff reported the daily progress to True Mother, and on the second day, first-generation providential organization leaders and second-generation youth leaders had time to unite through Cheon Il Guk communication culture, and time to plan the overall framework by sections.

On the third day, feedback given by True Mother was shared with all participants, and the overall content showed signs of being modified, supplemented, and completed. Amidst this, on the fourth day, staff members had the honor of visiting Cheon Won Gung with True Mother. Staff members expressed deep admiration at the on-site staff’s explanation that everything from design to architectural style, symbols, patterns, colors, and interior design was carried out under True Mother’s direct instructions, and were once again moved by True Mother’s filial heart in preparing a space for Heavenly Parent.

On this day, True Mother emphasized the meaning of Cheon Won Gung and the importance of the overall program while inspecting the site for preparation of next year’s Cheon Won Gung Cheon Il Sanctum Entrance Ceremony (April 13, 2025 solar calendar).

True Mother emphasized, “For all schedules to proceed without a hitch, it is most important that everyone becomes one. We need to open our hearts, share information together, communicate, and make the best plans.” She also encouraged, “You’ve worked hard until now. Let’s do our best.”

In the afternoon of the same day, an ‘Integrated Strategy Meeting’ led by Lee Cheong-woo, Director of the Cheon Mu Won Mission Policy Department, discussed event operation plans, and on the 5th and 6th days, the overall content planned by each section was shared with everyone. Unified plans were established centered on True Mother’s guidelines. Finally, separate plans were finely coordinated and added, and it was felt that the hearts of the staff were also becoming one.

On the last day, staff members were confident that this devotion period had become the starting point for opening a new era, the Cheon Il Guk era, and resolved to offer victory to Heavenly Parent and True Parents, expressing gratitude and glory to True Mother for allowing this special devotion period.

🌿 Reports 🌿

First, I express deep gratitude to True Mother for allowing the closing of the ‘Cheon Won Gung Cheon Il Sanctum Entrance Ceremony Organizing Committee Special 7-Day Devotion’. Thanks to True Mother’s interest and love, we were able to fully offer our 7-day course to Heaven with devotion and hard work, and welcome a joyful and glorious closing ceremony. Especially, I sincerely thank you for allowing this period to mark the full-fledged launch of the entrance ceremony organizing committee, a new departure, and a new beginning. We pledge to move forward for the victory of the entrance with one heart and one mind.

🎤 **Hwangbo Guk, President of FFWPU-Korea**

Participating in this special devotion, having meetings and offering devotion became an opportunity to feel True Mother’s heart more deeply. Because True Mother personally offered devotion, built the Cheon Il Sanctum, and guided even the interior details one by one, the most beautiful temple in human history has been offered to Heaven. For the next 7 months, the Korean Association will do its best and fulfill our filial duty so that True Mother can let go of her worries and concerns. Thank you, True Mother.

Yoo Kyung-deuk, Chairman of HJ Magnolia Foundation

The only begotten Daughter, True Mother, opened wide the door of Cheon Il Guk through Foundation Day, and finally settled Cheon Il Guk amidst indescribable misunderstandings and tribulations, searching for even a single needle with tears of blood. I sincerely thank you for the precious grace of forming an organizing committee that can substantially attend Heavenly Parent. I believe that everything we learned and shared during this devotion period, receiving direct teachings from True Mother, will become the new culture that will proceed in the Cheon Il Guk era. I sincerely thank True Mother for giving us such precious grace.

Kim Young-seok, Vice President of FFWPU-Korea

The Cheon Won Gung Cheon Il Sanctum Entrance Organizing Committee special 7-day workshop, which began with a heart of repentance and gratitude, is now down to its last day. I will do my best until the end to make True Mother more comfortable and reassured. Furthermore, I will practice more in the field for the victory of the Cheon Won Gung Cheon Il Sanctum entrance, attending True Mother.

Hans Campman, Composer

T rue Mother, I think all the musicians in the spirit world, starting from Europe, they are so eager to understand this epic, because they have been wondering endlessly what to write their music for. They were never satisfied but now they get the story that they are supposed to write. I can feel this, and I'm so grateful that we can contribute this way.

Roh Yong-ju, UPF Organization Education Department Director

The time we spent looking around Cheon Won Gung yesterday, listening to True Mother's words, still feels so vivid. As each day of the special 7-day devotion passes, I can feel that Heavenly Parent, True Mother, and furthermore the absolute good spirit world are really with us when I see results coming out from each department and positive directions being created through discussions. I have made countless resolutions to truly create a Cheon Il Guk ruled by Heavenly Parent and True Mother. I will do my best to make that day come as soon as possible.

- Church innovation centered on spirit and truth
- Strengthening education on True Parents' teachings
- Establishing an inspirational worship culture
- Moving towards a blessing-centered church model

Hwang highlighted specific strategies for the upcoming entry into the Cheon Il Sanctum in Cheon Won Gung, calling for victory in night vigil devotions at CheonShim Won, blessing ceremonies, and total membership mobilization.

"When we respond to True Mother's call to 'Come' to the world, the doors of witnessing will surely open wide," Hwang declared. He expressed confidence that the CheonBo family church movement would spread rapidly, reaching people worldwide with their message.

This church tour marks the beginning of a new era for FFWPU-Heavenly Korea through this restructuring, adopting a 12-district system. This reorganization aims to create a revival spirit and ensure a victorious dedication for the entry into the Cheon Il Sanctum in Cheon Won Gung. 

New Era Dawns for Family Federation in Heavenly Korea

On August 13, 2024, True Parents initiated a major reorganization of the Heavenly Korea FFWPU. This restructuring saw the appointment of Hwang Bo-guk as the new President of FFWPU-Korea, alongside key executive personnel at the national headquarters.

A notable aspect of this overhaul was the establishment of a 12-district system, each led by newly appointed district pastors.

Under the leadership of President Hwang Bo-guk, these 12 districts launched ambitious initiatives aimed at:

1. Establishing the correct status of True Parents
2. Actualizing 43 families of faith
3. Restoring the Christian foundation
4. Preparing a public base for Heavenly Unified Korea

In a further development on September 5, the Cheon Won Church of Cheon Won Gung, previously designated as a special headquarters area, was elevated to the status of a special district. This addition brought the total number of districts to 13, expanding the organization's reach and influence.

This new structure enables each district to operate more dynamically under the guidance of their respective district pastors. Their activities will focus on specialized fields and tactical areas, all aligned with the overarching strategy of 'witnessing' - outreach by Family Federation members and cooperating with all providential organizations as per True Mother's words.

Impressions

I see this event as a crucial step in our journey towards regional restoration and church growth. Aligning with True Mother’s vision is key to completing Heaven’s providence. This is just the beginning of our strategy to empower Peace Ambassadors. I’m deeply grateful for the divine guidance we received and I’m committed to leading efforts in Yeosu for North-South unification.

Jung Jae-hoon, UPF Yeosu Branch Director

As a first-time organizer, I was initially worried about the event’s success. Reaching out to people in the intense summer heat was challenging. But through persistence, prayer, and clear communication of our purpose, we witnessed a miracle - every seat was filled. I believe this success came from working in harmony with True Mother’s vision.

♥ Lee Jong-seok, President of Yeosu City Ambassadors for Peace Council

Throughout the event, I felt a profound sense of unity and harmony. The Yeosu City Peace Council has been a real catalyst for this unity. I firmly believe that North-South unification is our destiny, and I'll do my best to convey the importance of these efforts using the language of peace.

♥ Kim Kyung-hee, New Peace Ambassador
(Director of Jeonnam Brain & Psychology Education Institute)

Chairman Yang Chang-shik's man Yang's lecture on unification deeply moved me and ignited a strong desire for reunification. I feel a mix of shame for my previous lack of awareness and gratitude towards UPF members for their guidance throughout the event.

♥ Kim Chae-gon, New Peace Ambassador

I heard widespread praise for Chairman Yang Chang-shik's lecture. The peace philosophy of Rev. Sun Myung Moon and Dr. Hak Ja Han Moon clearly played a crucial role in making this event possible. I hope that along with the lecture, stories of those who dreamed of a new nation will reach an even wider audience. ✍

True Parents Theology it's a new knowledge, on which our movement will base all decisions and activity, so that's why it's really important to learn this material very carefully and in details. Some statements in the doctrine appear to be contradictory, compare to the previous teachings. So, I understand it's important to make spiritual devotions such as pray, conditions and Chonshimwon to receive God's answers. In order to become one with True Mother it's important to understand her Words as CIG era Words and put into practice on my own life!

♥ Fatjona Qeti (Albania)

Another highlight is that those lectures brought me closer to TM, understanding a little more what she had to go through and how little I know about her life.

♥ Lidiya Sleptsova (Belarus)

I have realized the real purpose why I'm here. God wanted to tell me about Chambumoron, about Only Begotten Daughter. I'm grateful that I've listened to these lectures here on Cheongpyong from the professors whom True Mother gave the task to teach. Maybe this is a trial that was given to us and when we overcome it we will create some conditions and Christians and other believers could change their beliefs and accept the Only Begotten Daughter of God and Second coming of Messiah. If we do not accept Only Begotten Daughter how can others accept her? If we don't fulfill our responsibilities, how will others fulfill their responsibilities? I'm on my way of real understanding True Mother, True Father, Heavenly Providence and hope that we really would unite with True Mother at this time.

♥ Kristina Kuhare (Russia)

Now I have begun to understand more deeply the value of True Mother as an Only Begotten Daughter. I feel immense joy that I can live in such a special time when God's daughter is on earth. It also pains me that I did not recognise Mother for who she really is. But now when I know I truly want to unite with her, know her heart and do whatever I can to help in God's Providence.

♥ Anna Becker (Netherland)

I am very grateful for the lectures about the Only Begotten Daughter from Dr Chang, and the different lectures about True Parents life that we received this week. The things that True Mother says make so much sense and I feel also this answers a lot of my questions that I had before. I'm grateful to True Mother that she is revealing this new perspective of the Truth now to us, through all the lecturers. Dr. Chang's lectures surely helped me to feel closer to True Mother, by getting to know her better.

♥ Lucija (Crotia)

I really enjoyed the lectures about the Only Begotten Daughter; now I have a much deeper understanding of all that True Mother has done and endured for us. I hope we can share these lectures with the European 2nd generation so they can learn to accept and follow True Mother. I feel that we are lacking this understanding in Europe.

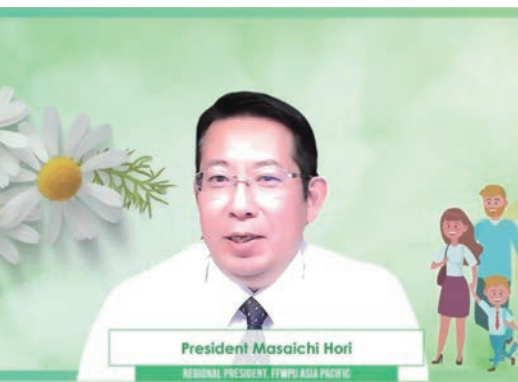

♥ Vicky Ben Zvi (Israel)

We had ChamBumoRom lectures and there I realized that True Mother is doing her best in restoring Korea on behalf of True Father and that the reunification of Korea is thus the absolute condition for world peace, because from here, Peace can spread to the world. I realized, the Reunification of Korea is truly my responsibility as well, because it's not a Korean issue, but a world issue!

The program provided a valuable opportunity for the younger generation to learn from True Parents' life experiences, fully inherit their teachings, and understand their role as true children embodying True Mother's words.

Education for Starting Family Life to Build True Families

From August 31 to September 1, 2024, the Brazilian FFWPU held a two-day Education for Starting Family Life to Build True Families program for previously married couples who participated in the Blessing Ceremony last July. This event was also conducted in both online and offline formats.

The education had three main objectives:

1. To help couples inherit the tradition of Heavenly Parent and True Parents and establish their identity as blessed families
2. To provide education for each life cycle stage to realize the ideal of the Blessing
3. To support the settlement of blessed families in preparation for the 2025 True Parents of Heaven, Earth and Humankind Hyojeong Cosmic Blessing Festival

The President of FFWPU-Brazil shared insights on True Parents' path in fulfilling Heavenly Parent's will following the fall of the first human ancestors. He prayed for the blessed families to unite in true love, preserving the value and absoluteness of the Blessing and the true lineage.

The program covered various topics including faith education, the value of blessed families, the providence of CheonShim Won, and testimonies from members. It provided an opportunity for the couples to renew their commitment to the Blessing, the most precious gift from True Parents of Heaven, Earth and Humankind, and to dedicate themselves to forming true families. 

Heavenly Africa: São Tomé and Príncipe

From August 30 to September 9, 2024, the island nation of São Tomé and Príncipe in West Africa became a hub of youth empowerment and peace initiatives. The '2024 Peace Designer Global Camp,' themed 'Enhancing Leadership, Professionalism, and Integrity,' brought together 100 young participants for a transformative experience.

This Peace Camp, conducted in collaboration with four schools designated by the Ministry of Education, focused on character education, school facility repairs, and community cleaning projects. The event garnered significant national attention, with multiple features of the opening and closing ceremonies on São Tomé's national broadcast.

The National Assembly hosted both the opening and closing ceremonies, underscoring the camp's importance. The closing event was particularly noteworthy, featuring:

- Jailson Damata, President of the São Tomé Youth Federation, opening the ceremony
- Matsuda Koji, World President of Youth Federation, delivering an encouraging speech
- Eurídice Medeiros, São Tomé Minister of Youth, and Abnildo Oliveira, Vice President of the São Tomé National Assembly, offering congratulatory remarks
- Awards for Youth Ambassadors for Peace and outstanding presenters
- Cultural performances and a synergy contest

Matsuda Koji conveyed True Mother's message emphasizing youth development. He proposed nurturing 1,000 Peace Designers to achieve national peace through initiatives like the Peace Village and Peace Environment movements. Koji also announced the launch of Korean language classes in October, offering opportunities for vocational training in Korea for exceptional students.

Minister Medeiros praised the camp's positive impact on youth consciousness and behavior, expressing hope to extend such programs to other regions. Vice President Oliveira emphasized the importance of individual effort in achieving peace and encouraged citizens to take ownership of this goal.

The synergy contest saw students presenting solutions to social problems aligned with UN Sustainable Development Goals. Proposals included sustainable forest management, equitable quality education, and water management strategies. The First Lady of São Tomé and Príncipe, Fatima Vila Nova, presided over the awards ceremony, recognizing the students' efforts.

Following the camp's conclusion, participants joined the Peace Road event - a global run promoting Korean Peninsula unification and world peace. Now in its 12th year, Peace Road involves youth from 160 countries under the slogan "Realizing a Community of Coexistence, Co-prosperity, and Shared Happiness." The São Tomé saw participants marching from the National Assembly to Independence Square, voicing their support for peace in São Tomé and Korean unification.

São Tomé and Príncipe was designated as a Least Developed Country (LDC) by the United Nations in 1982, but it is expected to graduate from this status in 2025 thanks to the efforts of the Youth and Students Federation. Meanwhile, True Mother announced the São Tomé Peace Declaration in 2019 and has hosted youth and student festivals centered on the theme of peace.
